HITACHI	CP-X2520 (4,000 hr filter)	2,700	XGA	£610	£717
HITACHI	CP-X3020 (4,000 hr filter)	3,200	XGA	£664	£780
HITACHI	CP-X4020 (4,000 hr filter)	4,000	XGA	£1,125	£1,322
HITACH	CP-X615 (4,000 hr filter) (Long Lens Options)	4,000	XGA	£1,606	£1,887
HITACH	CP-X809 (4,000 hr filter) (Long Lens Options)	5,000	XGA	£2,456	£2,886

The Long Lens Option enables a projector to be located, when the ceiling is high, at the back of a church or on a balcony.

The price of the freestanding projector includes our unique technical support plus a 10-metre (30 foot) cable kit for all occasions, worth £150.

Our cable kit includes a special RS232 control cable we have manufactured for Hitachi projectors to enable remote control from the computer keyboard, enabling the laptop to be to one side so that the laptop operator will not distract the congregation.

Visual Fold Back Monitors

Visual Fold Back Monitors (VFMs)	Black Stand with wheels (dismountable)	
	ExVat	Inc Vat
17inch	£258	£303
19inch	£321	£377

We recommend when considering the purchase of a Visual Fold Back monitor to also consider the following items which will help you to get the most out of your VFM a Two way RGB splitter, Logitech Cordless 2.4 GHz Presenter, USB 2.0 to VGA Converter, Kramer VP-222, Service Manager Timer Software these items will allow you to send messages to the speaker notifying them of the time they have left and other important messages.
